Integrated Plan Against Crack and Other Drugs
The vulnerability is not a permanent condition, but holds a dynamic character; circumstances can be minimized or reverted.
Plano Integrado de Enfrentamento ao Crack e Outras Drogas

Presidência da República
Casa Civil
Subchefia para Assuntos Jurídicos

O Presidente da República, no uso da atribuição que lhe confere o art. 84, inciso VI, alínea “a”, da Constituição,

DECRETA:

Art. 1º Fica instituído o Plano Integrado de Enfrentamento ao Crack e outras Drogas, com vistas à prevenção do uso, ao tratamento e à reinsertão social de usuários e ao enfrentamento do tráfico de crack e outras drogas ilícitas.

§ 1º As ações do Plano Integrado de Enfrentamento ao Crack e outras Drogas deverão ser executadas de forma descentralizada e integrada, por meio da conjugação de esforços entre a União, os Estados, o Distrito Federal e os Municípios, observadas a interseccionalidade, a

Creación de seis CENTROS COLABORADORES en el ámbito de Hospitales Universitários para asistencia con fines de enseñanza, investigación y desarrollo de metodologías de tratamiento y reinserción social

- **Modalities:**
  - specialization: multi-professional training
  - Posgraduation stricto sensu: Masters and PhD

- **Structure:**
  - 50 hospital beds
  - 100 vacancies per day in first aid posts
  - Day Hospital (CapsAD)
  - Specialised Reference Center in Social Assistance - CREAS
  - Education and Research
  - Student Accomodation

---

**Integrated Plan Against Crack and Other Drugs**

**VIVAVOZ**

- *Hotline service 0800 on information and guidance about drugs for users, families, health and education professionals, among others*

- *Increase in VIVAVOZ service availability to 24 hours / 7 days per week – since February 2011*
Integrated Plan Against Crack and Other Drugs

**Etnographic and Epidemiologic Studies**
- National study including rural areas with a sample population of 22,000 people
- Preliminary data: January 2011

Mapping and evaluation of treatment and social re-integration institutions dealing with drug/crack dependents (development of methodology)

Geoprocessing of services and institutions, evaluation of demand and capacity of care, technical evaluation of professionals and evaluation of satisfaction of patients and their families

14 clinical studies for the development of new therapeutic modalities and of more efficient strategies to facilitate the inclusion of crack users in the health system and to increase treatment acceptance indexes.

---

**Implementation of an Early Monitoring System on the use and traffic of drugs:**
- Appearance of new drugs,
- Patterns and forms of consumption;
- Consumption and seizure trends.
Strengthening of special operations aiming at dismantling criminal organizations, with an emphasis on border regions, implemented by the Federal Police, in conjunction with the Federal Road Police, the State Police Forces and the Armed Forces.

VANT – No-crew air vehicle
- First VANT – July 2010
- Other 14 VANT’s until 2014 with operation basis.

CICON – Integrated Center for the Combat to Drug Trafficking
- Agreement for technical cooperation among the Ministry of Defense, Ministry of Justice and the Personal Cabinet
- CENSIPAM (Center of management and operation of the Protection System to the Amazon).

“Sentinela Operation”
- 200 police men throughout 3 states (AM, PR y MS)

Ministry of Justice

Integrated Plan Against Crack and Other Drugs

**COMBAT TO DRUG TRAFFICKING**

- Strengthening and articulation of the State Police Forces aiming at a more qualified combat to the traffic of crack in areas that are more vulnerable to the consumption
